I know that Vagabond was bound to become one of the highest-rated Korean dramas of 2019 because of singer-actors Lee Sung-gi and Bae Suzy—who both headlined the 2013 fantasy sageuk Gu Family Book—but I didn't expect it to fail to enter the top 5. The spy action series revolves around a stuntman who struggles to expose the truth behind a plane crash that has killed his nephew and a ...

[Dennis Quaid - IMDb](#)

A spin-off in television is a new series containing characters or settings that originated in a previous series, but with a different focus, tone, or theme. For example, the series Frasier was a spin-off of the earlier series Cheers: the character Frasier Crane was introduced as a secondary character on Cheers, and became the protagonist of his own series, set in a different city, in the spin-off.

The free air will rise above the liver shadow (arrow) but remain visible below the diaphragm. On the previous slide, the erect abdominal radiograph shows the presence of free gas not only under the dome of the diaphragm (top arrow) but also in the scrotum (bottom arrow) of a 4-day neonate. In a supine film, the free air will rise "to the top ...
